

We Build What You Need.

Conventional Patios

Altec's conventional patio covers are an economical and attractive way to cover any outdoor area. The most popular are high gloss Heat Deflective single-skin, however insulated (Composite) covers are available.

Advantages of an Altec Patio Cover

- Waterproof & Cool open entertainment areas
- Spans up to 6.3m
- Up to 13yr Guarantees
- No unsightly rafters
- Full Gloss painted top & bottom, ensuring a cool yet light area
- Colorbond steel beams to reduce the number of posts
- A wide variety of posts to suit your home
- The widest colour range to co-ordinate with your residence
- Low maintenance (NO painting EVER)
- Secured to your home roof trusses for added strength
- Council approval
- Downpipe connected to stormwater
- 10yr Workmanship Guarantees
- Pre-building site inspection by Construction Supervisor
